Judge Elbert H. Gary Talks of Labor and Business Situation—Believes in Reasonable Business Regulation.

New York, April 15.—A declaration that as was in favor of "public control of business" through government agencies as a possible solution of the labor problem, was made by Judge Elbert H. Gary, chairman of the board of directors of the United States Steel corporation, in Hoboken, today, where he presided at the corporate quarterly report.

It is the hope of the United States Steel corporation soon to abolish the twelve-hour day now obtaining in some of its departments, Judge Gary said.

"We have as yet been unable to reach a conclusion," Gary said, regarding that point. "Our principal difficulty arises from the fact that the workmen, themselves, are unwilling to have the hours of labor decreased for the reason they desire the larger compensation resulting from the longer hours."

"We are not ignorant of the fact that there is more or less public sentiment against the twelve-hour day."

Gary said the directors did not agree with certain persons that the employees' wishes in this matter should be ignored and a shorter work day established anyhow.

"We do not feel certain that twelve hours a day in all cases is necessarily injurious or objectionable," Gary declared.

"The officers of our respective subsidiary companies who are present in favor of permitting work of twelve hours a day, where the work is necessarily continuous, are those who heretofore have personally been employed twelve hours a day or more, either in the shops or in the field, and have reached their present higher positions by reason of their demonstrated ability and success."

Judge Gary's attack upon labor unions constituted the main part of his address. He asserted that "workmen do not voluntarily join labor unions," which he asserted existed primarily because "self-appointed" labor organizers persuaded the workmen to join them and that the chief persons to benefit from such organizations were the labor leaders themselves.

Judge Gary made it clear he did not believe in Socialism or in governmental management of industry. He suggested that non-partisan, non-sectarian commissions be formed to render decisions affecting industrial disputes, such decisions to be subject to review by the highest courts.

"Laws, clear, well defined, practicable and easy of comprehension, covering these matters might be passed," Judge Gary stated, "and if so, they should apply to all economic organizations, groups or bodies exceeding specified numbers or amounts. Both organized capital and organized labor should be placed under these laws. Each should be entitled to the same protection and subject to the same provisions and restrictions."

"Will labor unions consent to this? They have heretofore objected. Here would be a test. Labor union leaders have before now asked and received discriminatory exemptions. This is wrong and it would be just as bad if the situation were reversed. Employers generally desire only the same treatment that is accorded to labor union. The large majority of workmen also would be satisfied with this standard."

FALLING TIMBER KILLS C. ALBANA, AN ITALIAN

Employed at the Soroto Power Plant, South of Town.

HAD BEEN AT WORK AT PLANT SINCE MARCH 12

Wife Dead and Leaves Brother in Cleveland—Body Brought to Marion.

C. Albana, an Italian, aged about 30 years, was almost instantly killed about 10 o'clock this afternoon by the falling of a large tree at the Soroto power plant at Marion.

The body was crushed by a piece of falling timber. He lived about five minutes after being struck.

A woman who was a sister at the plant, was standing between the timber when a piece of two-by-eight timber struck her, killing her. She was about twenty feet from the place where the timber fell.

No one was on the scaffold at the time although men had been working there this morning.

The body was removed in the ambulance to the Curtis & Company undertaking establishment.

Albana had been with Sanderson & Porter, who have charge of the construction of the plant, since March 12 and previous to that time had been in Marion. His wife is dead and he leaves a brother in Cleveland.

MARRIED FIFTY-FIVE YEARS AGO, CELEBRATE

Mr. and Mrs. Emanuel Hamilton Natives of County.

MR. HAMILTON IS EIGHTY-ONE TODAY

Mrs. Hamilton Eighty Last March 14—Both Enjoying Health.

Mr. and Mrs. Emanuel Hamilton, north of the city, celebrated their fifty-fifth wedding anniversary Sunday with a dinner at the home of their son, J. M. Hamilton, residing near the old Hamilton farm.

Lilies, roses and carnations decorated the dining-room, where a dinner was enjoyed by the immediate families.

Today Mr. Hamilton is celebrating his eighty-first birthday anniversary and last March 14, Mrs. Hamilton celebrated her eightieth birthday. Both are enjoying health.

Mr. and Mrs. Hamilton were born in Marion county. With the exception of sixteen years passed on a farm near their home have lived their entire married life in their present home. Mr. Hamilton was born in the house in which he now resides.

Rev. A. D. Matthews united the couple in marriage at his home in this city and for their honeymoon Mr. and Mrs. Hamilton drove to the William Mahaffey home, known as the Thomas Campbell farm, west of the city, where they attended an old-fashioned dance.

LINCOLN J. CARTER BILL STAGED BY WEATHERMAN

Typically Enough, Heroine Miss Spring Foils Villain.

Old Boreas himself played to a packed house, Sunday. Few people were strong enough to brave the storm. It was popular Lincoln J. Carter stuff that the weatherman staged in Marion. As the day dragged its weary, distressed length along from morning twilight to evening twilight the plot thickened. There was the typical snowstorm with its howling wind. And, worse in more of it, there were the pelishes again and knee-high thin dresses and furs.

The gas and coal men smiled their knee as most Marionites shivered with the cold.

But today—oh, today! Well, Miss Spring escaped the clutches of the villain in the play and staged a comeback all her own that brought salvos of applause from payers of the war tax.

Today dawned bright as the brightest gold coin ever minted. The golden rays of the sun warmed up Mother Earth and everybody and everything seemed to be happy. Even the bird with the broken wing sang for joy.

The Pershing Stadium, Paris, which was a gift to that city by the American soldiers, is now under consideration for use as an arena for bull-fighting.

Four masses will be celebrated at St. Mary's Catholic church beginning next Sunday morning, according to announcement made yesterday. The hours of services will be 7, 8, 9 and 10 o'clock. Former hours of service were 7:30, 8:30 and 10 o'clock.

Busy Bees and Willing Doers.

Mrs. D. A. Frank, junior superintendent of the Central Christian Sunday-school, entertained the members of the Busy Bee and Willing Doers classes, Saturday afternoon, at her home on Bellefontaine avenue. Plans were made for a membership contest between the boys and girls of the Sunday-school starting next Sunday and closing the first Sunday in June. Music and games were enjoyed and a peanut hunt was feature of the afternoon's entertainment.

First United Brethren Church.

Sunday was men's day at the First United Brethren Sunday-school when the men had full charge in superintending and teaching and a splendid record was made considering the inclemency of the weather. Dr. O. F. Laubach spoke at the morning service on "The Sunday-school a Force in Evangelism." Considering that the very best men and women of the church are in the Sunday-school work; that they are working at the foundation of the kingdom—the children—"Of such is the kingdom;" that the Sunday-school wields a mighty weapon, the two-edged sword of the gospel, and that the supreme Teacher, Jesus Christ, is the central figure of the organized Sunday-school, and that the largest per cent. of accessions to the church are from the Sunday-school, are evidences that the Sunday-school is a mighty force in evangelism.

At the evening service the subject was, "How Old Are You?" Life is not to be measured by years; happiness; sorrow; money; nor worldly success; but by service rendered for the good of humanity and the glory of God. Next Sunday the women will have full charge of the Sunday-school and doubtless will make a new record of attendance.

Anti-Saloon Head Snooks.

James A. White, superintendent of the Anti-Saloon League of Ohio, spoke at the Epworth M. E. church, Sunday morning, and at the close of his talk a collection for the league was taken.

Mr. White's talk was along the line of law enforcement and he urged the people, now that they have prohibition, to see that the laws are properly enforced. He spoke particularly about the new laws coming in that have to do with officers who neglect to enforce the prohibition laws and the law being enacted regulating the distribution of liquor as a medicine.

Father-Son Banquet.

Members of the Calvary church Sunday-school will hold a father-son banquet in the Y. M. C. A. dining hall, Thursday evening.

Up-To-Minute Class.

The members of the Up-To-Minute Class, of the First United Brethren church, will enjoy a social and program Tuesday evening at the home of Dr. and Mrs. O. F. Laubach, of south Prospect street.

A BOGUS TAX COLLECTOR NIPS SEARCH FOR \$79.20

Burglars Get "Dough" in Lump Sum of \$135.

BALKAN BAKERY IS— ENTERED SUNDAY NIGHT

A Stranger "Buys" Furniture from C. M. Prather, Who Is Out \$24.

Mike Search, a foreigner employed at the Erie roundhouse and residing on Piles avenue, was fleeced of \$79.20 in a rather clever manner, Saturday afternoon. A man taking advantage of Search's lack of knowledge of the laws, called on Search Saturday afternoon and represented himself to be a revenue collector.

Informing Search that he was three years delinquent in his tax and that the amount would have to be paid at once to save him from arrest and a heavy penalty, Search agreed to settle the amount, which the man said was \$79.20. After paying the money he was given a receipt to 1922, the receipt being printed with a pen and bearing the signature of William H. Slone, who gave him address as room No. 12 in the courthouse.

A short time later Search was telling some friends of the circumstances and when informed by them that this was an unusual method, he sought the assistance of Chief J. W. Thompson in an effort to try and locate the swindler.

Bakery Is Robbed.
The Balkan bakery, No. 452 west Center street, was entered by burglars Sunday night and in the neighborhood of \$135 was taken. Entrance to the place was gained by a key to the front door. The desk in the front of the store was broken open and in the neighborhood of \$60 in small change was taken, while a lock on a table drawer in the rear was broken and about \$75 in change secured.

Same Old Game.
C. M. Prather, one of the proprietors of the Marion Wrecking company on west Center street, is out \$24 as a result of cashing a check for a stranger, after the banks were closed Saturday afternoon. The check was on the Fahey Banking company payable to Edward Anderson on the account of Fred James.

The man claiming to be Anderson, entered the store Thursday and purchased a list of furniture. He said he would come back Saturday with the money and probably make some more purchases, his employer being out of the city at the time. He stated he had been working in the country and was moving on Pennsylvania avenue. When he called at the store Saturday, he picked out another chair and his bill came to \$72.50. He tendered the check for \$96.50 and on receiving the \$24 change, informed Prather his wife would be in today and make additional purchases and instruct them as to the delivery of the goods. When Prather took the check to the bank this morning, he discovered it was no good. He went at once to police headquarters to report the circumstances and gave the police a description of the man who gave the check.

Ada Dose Makes Getaway.
The local police received a call Sunday from the Girls' Industrial home asking them to be on the lookout for Ada Dose, aged fifteen

years, who escaped from the home. A description of the girl was furnished.

Ashley Flivver Stolen.
The Ashley marshal telephoned the local police department, Saturday night, asking the officers to be on the lookout for a new Ford machine which was stolen at that place. The machine had Ohio license No. 481,082.

Motor Meter Stolen.
B. H. Eishbier, of Oak Grove avenue, reported to the police Saturday night that the motor meter was stolen of his automobile while it was standing on west Center street during the evening.

Latue in "Distress."
A call was received from LaRue by the local police Saturday afternoon, asking them to be on the lookout for a man with his right leg missing, and to hold the fellow, as he was suspected of having entered a house and taken an Elgin watch.

'Twas Ever Thus.
John Seas was arrested Sunday evening at his home on Gay street on a charge of fighting and disorderly conduct, the complaint against him being made by his wife. This morning the pair settled their difficulties and the woman decided to file an affidavit against him, so he was dismissed.

BIDS FOR REMODELING OLD CENTRAL BUILDING

They Are Opened by School Board Today.

Four general bids, all from local contractors, were received for remodeling the old Central building at an adjourned meeting of the board of education at noon today in the Harding high school building. There were two bids for hot-air heating and ventilating, three for steam heating and ventilating and three for plumbing. Approximately twenty-five contractors and material men attended the session.

Without considering figures for a number of alternate proposals provided in the specifications which, if the board wishes to take advantage of them, may lower the cost, John Baldwin submitted the low bid for the general contract. His figures were \$30,750. Born brothers submitted a bid of \$32,100.60, C. W. Williams, \$32,730, and William Denman, Marion, \$40,553.55.

Hot-air heating bids were submitted by the Columbus Heating & Ventilating company, Columbus, for \$7,990, and the American Warming & Ventilating company, Toledo, \$10,050.

Steam heating bids including automatic temperature control and ventilating, were submitted by the Jones-Kinn Engineering company, Lima, \$10,145; Bryce Heating & Ventilating company, Toledo, \$10,177, and T. M. Cunningham, Marion, \$9,882.

Plumbing bids were furnished by Probst brothers, Marion, \$2,691.40; T. M. Cunningham, Marion, \$3,941; and Charles Hoffmann company, Mansfield, \$3,144.60.

Action on the bids was deferred until the regular meeting of the board this evening at 7 o'clock when bids for the proposed buildings on north Main street, opened last Tuesday, also will be discussed and the contracts probably awarded.

Mrs. William Bond, of York street, returned Sunday from Mansfield, where she has been at the bedside of her son, Harry Bond. Mr. Bond has been seriously ill for the past six weeks and his condition is not improved, it was reported today.

A gold mine was recently struck in the heart of Denver.

Germany Will Submit New Proposals on Reparation.

Berlin, April 17.—Representatives of the German government have delivered to the French government a new proposal for the settlement of the reparations question, according to information from American sources.

The proposal, it is declared in quarters fully cognizant of the events, can hardly fail to carry conviction of the German government's willingness to make good what she destroyed in France, Belgium and elsewhere to the utmost limits of her capacity.

A number of striking features are in the new proposal. The most important is, probably, that Germany is said to offer to make reparations to every individual in northern France for loss or destruction suffered. The second feature of the proposal is that Germany offers to take over the allied debts to America and apply the same on the reparations account. In order to carry out such a program Germany asks compensation for a large international loan.

As security for the loan and debts which Germany would take over, she offering herself to France, England and Belgium as debtor to America. Germany is said to contemplate offering a monopoly in cotton, sugar, tobacco and possibly other staples, in addition to which she would also yield control of customs duties.

ITALIAN ENGINEER COMPLETING PLANS

Airship Line Between Paris and New York Probable.

Paris, April 17.—Paris to New York in 14 hours is not only a possibility but a scientific probability within a few months, according to the Italian engineer Vaucanson, who has completed plans on behalf of Ricci Brothers of Naples for the construction of a commercial air liner on a new principle.

The characteristics of the future air colossus, construction of which has already been started at the Ricci workshops at Posillipo, will be as follows: Measuring 91 yards long, the bag will contain 42,000 cubic yards of noninflammable gas and propelling force will be no less than 750 horse power.

Other details are that the airship can of itself construct a shelter, thus dispensing with hangars; can rise and descend vertically; can outride a storm on the surface of the sea and will be provided with engines which will obtain part of their motive power from the air itself. Each ship so constructed will carry 500 passengers first class and 250 second, besides 800 tons of freight. Average speed will be more than 100 miles an hour. Farga, it is said, will be actually cheaper than those on first-class ships.

Alleged to Have Confessed.

Toledo, April 18.—Bonds for James Fosse, taxicab driver, and Harry Thrush, ex-barber, held as alleged conspirators in the \$1,000,000 post-office robbery here last Feb. 17, were fixed at \$100,000 each by U. S. Commissioner Gaines here. Postoffice authorities declare both have confessed.

There are said to be 3,424 spoken languages or dialects in the world.

BASEBALL

Lost in Action.

New York, April 17.—The International League, one of the big minor league circuits, today took action, suspending the season next Wednesday, when it was scheduled to follow the opening at Reading, Pa., at 10:30 a. m. The suspension at Newark, N. J., and at Baltimore, Md., was also announced.

To Raise Penitent.

Cleveland, April 17.—President James E. Smith of the Cleveland Indians, announced this morning that the Indians' championship pennant will be raised at Indian field, April 25, when Ty Cobb's Detroit Tigers will meet the Spunkier Tribe here.

An elaborate program is being prepared. This is the earliest date yet for raising the pennant in the history of the league.

Tagging the Base.

Walter Pipp's clubbing and Carl May's pitching stopped the Red Sox with 2-0-0-0 today. May gave up but four hits.

The big "bonanza" is still looking for home, No. 2. Out of four tries to the plate, he failed to hit safely three times and got one base on balls.

More than 1,000 fans saw the Boston Braves rout Jeff Pfeffer in Brooklyn. Rabbit Powell scored two Boston runs and made three hits.

Walter Johnson kept his lead, enabling the Senators to take the first of the series from the Athletics.

Rain at Cincinnati, snow at Detroit and cold weather at St. Louis stopped other scheduled Sunday games.

CONFESION ALLEGED IN CRONKHITE CASE

Soldier Says He Slays Officer Under Orders.

Taroma, Wash., April 18.—Robert P. Potthier, charged with slaying Major Alexander Cronkhite at Camp Lewis in October, 1918, confessed to federal officials that he was ordered by his superior officer, Captain John H. Rosenbluth, to bring out a loaded gun and "get Cronkhite." It was announced by Prosecutor J. W. Selden, who disclosed five alleged confessions made by Potthier.

The alleged confession stated, as given out by Selden, that Rosenbluth told Potthier precisely what he was to do and promised him protection.

BUCKE BRIEFS

Toledo, April 18.—Harry C. Thompson, 31, Toledo policeman, was shot and instantly killed by Detective Ehrhardt when he resisted arrest and drew a revolver on the officer.

Death Claims Former Senator.

Columbus, April 18.—Thaddeus E. Cronley, 73, for many years one of the most prominent citizens of Pickaway county, died at his life-long home in Ashville from a complication of diseases. From 1888 to 1891 Mr. Cronley was a member of the house of representatives and from 1896 to 1899 was a Democratic senator from the Tenth district.

Patio Kill.

Columbus, April 18.—Charles M. Peters, 73, formerly president of the Peters and Heron Dush company, was killed instantly when hit by a streetcar. Since last November Mr. Peters had been a patient at the Columbus state hospital. Late in the day, his condition had been such that he had been allowed the freedom of the grounds.

Mack Cottage Burns.

Sandusky, O., April 18.—Fire which originated from a defective furnace completely destroyed Mack cottage, one of the units of the Ohio State Soldiers and Sailors' home. Forty-five "trusties" from the Mansfield reformatory, who have been employed at the home, were asleep in the dormitory when the fire broke out. Many of them had to jump from the second-story windows to save their lives. The loss will be about \$10,000.

Local citizen declares he feels like a different man since he overcame the dizzy spells, weak kidneys, indigestion and gastritis.

New remedy, Draco, was prompt in action and pleasant in effect. Recommends it strongly. Draco now sells at the old price.

There is probably no other medicine of his kind has won the praise that Drecto has during the past few months right here in this section.

Men and women who have given themselves up as incurable are coming forward with remarkable signed statements telling what Drecto has accomplished for them after almost everything else had failed.

"Every morning now I wish my alarm clock would postpone ringing a couple of hours," said Mr. L. O. Mullins, a well known carpenter, who lives on West Center street, Marion, Ohio.

GARIS' BEDTIME STORIES

UNCLE WIGGILY AND THE WHISTLES.

[BY HOWARD B. GARIS.]
[Copyright 1921, by the McClure Newspaper Syndicate.]

Once upon a time, as Uncle Wiggily was hopping through the woods not far from his hollow stump bungalow, he heard a loud quacking noise.

that concern on the willow whist. First Feline would blow, and then Susie. Next it was the turn of Jackie and Sammie. After that Peete and Jennie would to

"Quack! Quack! Quack!" Oh, dear, I don't see why they didn't take us," some one said.

"Nor I," quacked another voice. "It isn't any fun to have to stay home."

"Well, I'm off to play ball with Bully and Bawly No-Tail, the frog boys," a third voice quacked.

"Bless my pink nose!" exclaimed Uncle Wigwag. "These are the Whitebuckle duck children, and something must be the matter. I'll see if I can help."

The dunny rabbit gentleman hopped nearer to the duck pen, where Lulu, Alice and Jimmie Whitebuckle, the three duck children, lived, and there he saw a sad sight. Lulu and Alice, with cross, unpleasant

Some brown and red whistles, making music notes and others blowing whistles, sending out terrible sounds. And then there were some half-dressed music men between them.

Uncle Wigwag was the leader, with his red, white and blue striped mittens, which he waved up and down and sideways.

Out from the dark house the white whistle music flowed. The eight children played "Marching Through Alabama," "Old King Wood," "Rode a Bay Horse A Day" and all times it was.

"Oh, is a better than the big fiddle!" quacked a voice.

"Thank you, Uncle Wigwag, for making such nice music for us," said Lulu and Alice. And just as the

books of their races, sat with their wings all drooping. And Jimmie, the boy duck, his yellow bill all mud where he had been playing in the pond, was tossing a ball up in the air and trying to see how nearly he could let it fall on Lulu's foot.

"What's the matter, here?" asked Uncle Wiggly. "Why are you so sad and discontented?"

"Because," quacked Lulu, "verry one has gone to the frok concert but us. Mother said there weren't enough tickets to take up, so we have to stay home. And we like music, too!"

"I just wanted to go," quacked Alice.

"But they wouldn't take us," added Jimmie.

"I suppose it was because they could not possibly take you," that daddy and mother left you home," said the bunny gentleman. "But it is daytime—you aren't afraid, are you?"

"No, but we'd like to hear some music," said Alice. "All the big

"Ho! Ho!" laughed Uncle Wiggily. "Well, what would you say if we had a concert night here?"

"Where?" asked Jimmie, and he forgot to tease his sister by making believe he let the ball fall on her.

"Right here, in your own duck pen," answered the bunny gentleman. "We'll have a concert night here! You stay and he good until I come back!"

Away popped Uncle Wiggily, and as the Wibblewobble children knew he would do as he said, he would, they behaved very nicely.

Going through the woods Uncle Wiggily gathered some twigs and branches from a willow tree. He brought on a little farther until he met Johnnie and Billie Bushytail, the squirrel boys.

"Come, my little squirrel friends," said the bunny uncle, "I have need of you."

"Wigst for!" crattered Johnnie. "I want you, with your sharp out-cracking teeth, to gnaw some whistles out of these willow sticks." "Cucie Wiggle answered, "Cut holes in them, slip off the bark, cut out places for the air to go in and put the bark back on. Make a lot of varieties of different sizes, and we'll give the ducks a concert." So Johnnie and Patsie, with the help of Mr. Longears, made many

Willow whistles. "I mean about the Sammie and Susie Littell, the Rowles, and Jackie and Perdita Bow Wow, the puppy dog boys. They also helped to make willow whistles. And when the whistles were finished Uncle Wiggly and the animal children hurried to the next pen."

"Now for the concert!" cried the jolly bunny, as he blew a low, sweet note on a large warble. "All ready! Tune away!"

Not Beauty Only

These whiter teeth mean safer teeth as well

No doubt the great reason why millions use Pepodent is to get prettier teeth. It removes the dingy film.

But science has more important objects. Pepodent brings five effects, and all of them mean better tooth protection.

The ruinous film

Film is that vicious coat you feel. It clings to teeth, gets between the teeth and stays. Old methods of brushing do not effectively combat it. So it often lingers long.

Film absorbs stains, making the teeth look cloudy. Countless teeth are thus made dingy.

Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles. Most of the tooth and gum attacks are now traced to that film.

Must combat it daily

After diligent research science has found two ways to combat that film. Many careful tests have

proved them. Now leading dentists everywhere advise their daily use.

Both are stamped in a modern tooth paste — Pepodent. Every time it attacks the film in two effective ways. It also brings three other results which have proved essential.

Fights starch and acid

Pepodent does what fruit acids do. It multiplies the salivary flow. It multiplies the starch digestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause tooth decay.

Those are Nature's great tooth-protecting agents. Every use of Pepodent multiplies their powers.

Effects are apparent

Millions now know the delightful effects. Anyone who will can quickly see and feel them.
